

Dear Valued Customer:

We are pleased to announce that the Munford Board of Mayor and Aldermen has selected Waste Pro of Tennessee to provide solid waste collection and disposal services beginning December 1, 2018. With this change in provider comes a change in service day for some residents. **All homes currently serviced on Thursday will move to Tuesday.** If your service day was Wednesday, you will not experience a change in your collection day. Below are some important key details for the weeks to come:

Week of November 26-30

New Waste Pro Containers:

As a part of the new contract all residents will receive new garbage containers with Waste Pro markings. These will be delivered during the week after Thanksgiving. Please hold on to the cart and do not place them at the street for collection until the day of your scheduled collection, starting December 4th or 5th. Please place your container at the road by 6:00 a.m. Republic Services will not be able to empty the Waste Pro containers the last week in November.

Existing Republic Services Containers:

The last week in November, Republic Services will be removing containers after their final service days. Republic's final service pickup dates will be November 28th and 29th. Please leave the containers at the street for Republic and they will remove them as quickly as possible.

Important note: The delivery process for new containers will take several days to complete. There may be a slight chance Republic Services removes your existing container prior to delivery of your new Waste Pro container. Please be patient with us. All residents are scheduled to have containers delivered no later than Saturday, December 1st.

Week of December 3-7

Collection Services Begin:

This will be the first week of collection for Waste Pro. Should you have any issues regarding your collection please contact the City at 901-837-0171 or email trash@munford.com. Collection times may vary in comparison to the previous provider, but all homes will be collected by the end of the service day.

Holiday Collection Schedule

Christmas Week – Tuesday routes collected on Wednesday; Wednesday routes collected on Thursday
New Year's Week - Tuesday routes collected on Wednesday; Wednesday routes collected on Thursday

On behalf of all Waste Pro employees, we want to express our gratitude for choosing Waste Pro to be your environmental partner. We look forward to being an active part of the community.

Sincerely,

Your Waste Pro Family
