DECEMBER 2009

- 1. Officer Daniel Hamm was certified with the Tennessee Bureau of Investigation as the TIES/NCIC co-coordinator for the Munford Police Department. (See attachment)**

- 2. Munford Police Department adopted a family for Christmas and it was a real blessing to be able to help someone. Especially this family, the mother lost her job and has 3 children. The mother is going to school full time to better herself so we thought this would be a big help to her. We have done this for the past 4 years but these children were so excited and so respectful and appreciated everything that they received.**

- 3. Munford Police Department and other agencies (FOP) did the shop with a cop at Wal-mart Covington. There were 45 children, who got to shop and spent 75.00 each.**

- 4. Investigator Chuck Salayi did several fingerprints for banks and other employment agencies for security checks.**

**Respectfully submitted:
Vernice Scott**
